□ 1908

So (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERMISSION FOR MEMBER TO BE CONSIDERED AS FIRST SPONSOR OF H.R. 1508

Ms. WATERS. Mr. Speaker, I ask unanimous consent that I may here-

after be considered to be the first sponsor of H.R. 1508, a bill originally introduced by Representative EDWARD MARKEY of Massachusetts, for the purposes of adding cosponsors and requesting reprints pursuant to clause 7 of rule XII.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

UNITED STATES SIGNS UNITED NATIONS ARMS TREATY THAT VIOLATES SECOND AMENDMENT

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, the United Nations Arms Trade Treaty signed by this administration today is an attempt by Third World countries to control guns worldwide, including personal firearms in the United States.

Under the section of "scope," the treaty indicates that covered weapons include small arms and light weapons. The language is so broad that nations are expected to track all weapons movements from the time they are manufactured until the time they are destroyed.

The language is vague so that the treaty could be interpreted to restrict the ability of the United States to help its allies, like Israel.

The U.N. treaty allows government regulations to be imposed to collect data on gun owners. The treaty presents a clear and present danger to the Second Amendment of the United States Constitution.

This is another attempt by this administration to control firearms of individual Americans. The constitutional professor is letting the U.N. override the Second Amendment and destroy individual liberty.

The President took an oath to the United States Constitution, not the U.N. Charter.

And that's just the way it is.

IN SUPPORT OF THE DELTA QUEEN

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, I am pleased today that the House just passed H.R. 1961. It gives the Delta Queen another opportunity to go up and down the Mississippi River.

The Delta Queen is a national treasure that, for 80 years, took passengers up and down the river and, of course, stopped in my hometown of Memphis. On its last trip, about 3 or 4 years ago, I was there to witness the Queen's last trip. And it was an emotional time for a lot of Memphians who really revere the river and the traffic thereon.

There were issues about safety; but those issues, I think, are satisfied, the concerns of people. There were ocean

standards put to a riverboat, which were improper. The unions that opposed this in the past came to be for it.

The bill passed, and it's important that it did. The Delta Queen is a safe vessel that will provide a wonderful experience for people traveling up and down the Mississippi River, America's greater river.

It's a treasure, a piece of history. It's also economic development for the region.

So I thank my colleagues for supporting both the Delta Queen and the communities along the river; and I look forward to a nice trip on the Delta Queen one time, and a julep to boot.

□ 1915

DELAY, DEFUND, REPEAL, AND REPLACE

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, there's been a lot of talk of delay, defund, repeal, and replace. That's what we're doing when it comes to ObamaCare. Indeed, that's what the American people want. They continue to tell us that they want protections from the harmful impact of ObamaCare and they want to make certain that we keep the Federal Government open.

The House has passed legislation that controls spending, defunds ObamaCare, and prevents a government shutdown. House Republicans are leading the fight to control spending, stop ObamaCare, and protect hardworking Americans. It's time for the Senate to join us.

Here's a great example of the harmful effects of ObamaCare:

In Nashville, Tennessee, a 27-year-old young man who's a nonsmoker currently pays \$41 a month for health insurance. Under ObamaCare, guess what? That premium goes to \$114 per month. Forty-one dollars versus \$114 per month? That's the impact and the effect of ObamaCare.

HONORING JENSEN RANCH ELEMENTARY SCHOOL

(Mr. SWALWELL of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SWALWELL of California. Mr. Speaker, I rise to recognize Jensen Ranch Elementary School from Castro Valley, California, in my congressional district, which was recently named as a 2013 National Blue Ribbon School by the Department of Education. The National Blue Ribbon Schools Program recognizes public and private elementary, middle, and high schools for overall academic excellence or improved performance.

Two representatives from Jensen Ranch have been invited to travel to Washington, D.C., in November for the
